

MAN-O'-WAR TO COLLECT

**British Government
Dispatches Battleship
to Guatemalan Waters
to Enforce Payment of
Claims Long Past Due
—Minister More In-
sistent**

London, May 13.—The British foreign office is hopeful of an early settlement of the British claims against Guatemala. The latest dispatches from the British minister, Sir Carden, indicated that a satisfactory reply to the British demand was anticipated in a day or two.

The British minister's instructions authorize him to call on a British warship should he think its presence in Guatemalan waters desirable. Therefore as the foreign office had not as late as today been advised that the British cruiser Aetolus had departed from Kingston, Jamaica, for Puerto Barrios, it is thought quite likely that the British minister had called on her commander to hasten by the appearance of the vessel the payment of the long overdue debt.

Although the matter is considered as one absolutely between Great Britain and Guatemala, the United States government has been advised of the British intention to insist on the payment of the bondholders. Guatemala's failure to do this as promised at the end of April has it is stated in official circles, only made the British minister's notes to the Guatemalan government more insistent.

SPIRE FALLS KILLS THREE

**Chiefs of Fire and Police Departments
Buried Beneath Burning
Steeple—Light-
ning Causes Blaze—
Water Fails to Reach
Fire**

Stratford, Ont., May 13.—The tall spire of the Knox Presbyterian church, 160 feet above the curb was struck by lightning early today and in the ensuing fire, the chief of police, the fire chief and a policeman were killed and a fireman was mortally injured. The three men who lost their lives were buried beneath the burning belfry when it fell.

The dead are:
J. A. McCARTHY, chief of police.
HUGH DUKIN, fire chief.
MATHEW HAMILTON, a policeman.

The injured man is Sidney Vanstone. The steeple, visible over a great radius, burned without hindrance as the puny streams of water, far below, fell many feet short of the blaze. Showers of blazing embers fired the roof of the church, and McCarthy, Durkin and Hamilton, dragging hose, had scrambled up a ladder to the roof when the belfry fell.

The blaze ate its way into the building. The loss is about \$50,000.

SAVE HOMES FROM JAPS

**English Newspaper
Says American Gov-
ernment Should Not
Take Bread and But-
ter From White Peo-
ple For the Aliens**

London, May 13.—"If it be true that Japan wishes to carry the California land question to the Hague tribunal, we may shortly obtain a fruitful lesson in the practical limits of arbitration," says the Pall Mall Gazette today in discussing the situation which has arisen between the United States and Japan in regard to the California alien land ownership bill.

The newspaper continues:
"If the Chinese and Japanese are to have free entry to the Pacific coast, it means eventually the ex-

termination of white labor from that region. All the arbitration in the world will not persuade the people of the western states that it is their duty to give up their bread and butter to an alien race and we can imagine how much likelihood there is of the government at Washington taking measures to enforce such an award on its own subjects. We should rather like to see the experiment for its usefulness in bringing dreamers back to hard facts."

OPPOSES U. S. ROADS IN ALASKA

Washington, May 13.—Government construction, operation, or ownership of a railroad in Alaska would be folly, F. C. Jemmett, representing bondholders of the Alaskan Northern railroad told the senate territories committee today. At the same time he declared private capital would extend the road now existing out of Seward to the Matanuska coal fields if the navy department would create a national coal reserve there and operate it through the bureau of mines or by contract.

MANUSCRIPT DISCOVERY

**Some Missing Verses
of the New Testament
Found in Egypt Six
Years Ago Are in Pos-
session of an Ameri-
can**

London, May 13.—Some long missing verses of the New Testament are included in the manuscripts of the Gospels discovered in Egypt six years ago and purchased by Charles L. Freer of Detroit, Mich., according to a study made of the Freer manuscripts by the Times.

A facsimile of the manuscripts has been presented to the British museum by the University of Michigan, to which Mr. Freer assigned the task of publication, and according to the Times, there have been found in the Gospels of St. Mark several verses which occur in no other known manuscript of the New Testament, although they were known to St. Jerome, who quotes them in part.

In the Freer manuscript, after the passage in which it is said that Jesus upbraided his disciples for their unbelief, the text continues as follows: "And they excused themselves, saying that this age of lawlessness and unbelief is under Satan, who through the agency of unclean spirits suffers not the true power of God to be apprehended."

"For the cause, said they unto Christ, reveal now at once thy righteousness."

"And Christ said unto them, the limit of the years of the powers of Satan is (not) fulfilled, but it draweth near (the text here as elsewhere is corrupt)."

"For the sake of those that have sinned was I given up unto death, that they may return unto the truth and sin no more, but may inherit the spiritual and incorruptible glory of righteousness in heaven."

ANTARCTIC'S NEWSPAPER

pedition Announce
Publication of the
Blizzard—Promises
Its Readers News of
South Polar Regions**

Melbourne, May 13.—Dr. Douglas Mawson, the Australian explorer, and six members of his expedition to the south polar regions who have been forced to spend the winter on Adelie land, send a wireless announcement of the establishment of the Blizzard, the first newspaper to be regularly printed in the Antarctic. It promises its readers all the news of the south polar regions once a month and starts out with a twenty-six page number. The circulation is at present limited, however, to the members of the staff, the only human beings on this barren tract.

REORGANIZE THE G. O. P.

**Republican Senators
Are in Hopes the Na-
tional Committee Will
Call Convention in the
Fall—Cummins Is
Greatly Encouraged**

Washington, May 12.—Republican senators who attended the progressive conference in Chicago returned today determined to exert all influence at their command to induce the national committee to call a reorganization convention in the fall.

When the national executive committee meets here May 24, these senators will report the sentiment from many states as expressed in the Chicago conference.

Senator Cummins said today that written appeals from many states would be laid before the national committee setting forth reasons for a reorganization convention. "We feel greatly encouraged," said he.

The suggestion that attempts be made to induce Republicans who joined the Progressive party to return to their old allegiance, were discussed today by house progressives, and Representative Hinebaugh of Illinois, speaking for them, issued a statement declaring that "the only course for the Progressive Republicans to pursue is to come into the Progressive party where they belong."

ATTEMPT TO DITCH TRAIN

Paterson, N. J., May 13.—A third unsuccessful attempt to wreck an Erie passenger train was made here today. Train No. 85, from New York, to Jersey City, was crawling into the station when two men sprang up from beside the track, jumped on the platform between the second and third cars and attempted to uncouple them. Trainmen were on the alert, however, and prevented them from doing so.

The men jumped from the train and made their escape. Later two men were arrested but the conductor was unable to identify them and they were released.

The state rested its case today in the trial of Patrick Quinn, the industrial worker of the World leader indicted for inciting to riot and the defense began. The case will go to the jury tomorrow.

SUFFRAGIST COLLAPSED

**Flora Drummond Un-
able to Appear in
Court to Answer
Charge of Conspiracy
—Must Undergo an
Operation—Other Mi-
litants Surrender to
Bail**

London, May 13.—"General" Mrs. Flora Drummond, the militant suffragette is in a state of collapse and will be unable to appear at the resumed hearing at the Bow street police court today on charges of conspiracy under the malicious damage to property act, which has been brought against her.

A doctor testified in court that owing to her illness she had been moved to a nursing home. He said it would take her two weeks to get into condition to undergo an operation which was necessary and another two months before she would be able to be tried.

The other "conspirators" who comprised Miss Harriette Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox and the analytical chemist, Clayton, all surrendered to their bail.

During the hearing the printers of the militant newspaper The Suffragette related the negotiations which led to their undertaking the work. Mrs. Emmeline Pankhurst conducted the negotiations and in reply to expression of fear by the printers that the job was a dangerous one, gave her personal undertaking that no offensive or illegal matter would appear. She laid stress on the point that her daughter Christabel had a legal training and was a specialist in constitutional law.

The interesting revelation was made on the witness stand that the militant organization, the Women Social and Political Union had paid for the printing of the election address of George Lansbury, the former Socialist member of parliament, which failed to secure his election.

a Victim**

Ottawa, Illinois, May 13.—A rear-end collision of two freight trains on the Rock Island railroad at Seneca today resulted in the death of two men. Several cars of merchandise were demolished and a number of cattle killed. The victims of the accident were asleep in the caboose. A dense fog was the cause of the wreck. The dead:

ELMER B. JENNINGS, aged 26 years, Pocatello, Idaho.

HARRY FRY, age 55 years, Chanute, Kan.

Washington, May 13.—Special agents of the department of justice, officers of a nationally connected detective agency and the local police have been called in by the navy department to investigate a "leak" through which, during the last four months, several relatively unimportant plans of ships and also minor documents have disappeared. Navy officials are inclined to minimize the importance of the losses.

TO PROVIDE SUGAR DUTY

**Senator Bristow In-
troduces Amendment
to the Tariff Bill—
Would Make Duty
\$1.27½ Per Hundred
Pounds After Six
Years**

Washington, May 13.—The tariff fight was resumed today in the senate on the motion of Senator Penrose to refer the Underwood bill to the finance committee with instructions for public hearings.

Chairman Simmons of the finance committee was busy early in the day urging all Democratic members to be on hand in case the question should come to a vote and he felt confident that the Republican's first move against the majority would be checked.

Senator Bristow, in the midst of the tariff debate, introduced an amendment to the sugar schedule to provide a duty of \$1.52½ per 100 pounds on refined sugar for three years; \$1.40 per 100 for the succeeding three years, at the end of which time it should be \$1.27½ per 100 pounds.

The senate did not meet until 2 o'clock and it was late in the day when the routine business was out of the way and the tariff debate was reached. The fight was resumed on the Penrose amendment to the resolution, sending the bill to the finance committee so as to provide for public hearings. Chairman Simmons opened the argument against it. Senator Lipsett referred to the measure as "the most revolutionary bill ever introduced in congress."

Will Not Commit Himself.

Washington, May 13.—President Wilson has taken the position that he ought not to commit himself in any way with respect to numerous minor amendments to the tariff bill being suggested by Democrats.

Secretary Redfield had a half hour's talk with the president before the cabinet meeting today and declared he believed unimportant changes would be made, but that if the president consented to certain ones, he would be besieged with requests to open other schedules. Secretary Redfield said that since it had become known that an inquiry was to be made by the bureau of domestic and foreign commerce into wages and industrial conditions in connection with the tariff bill, some requests had come from manufacturers themselves inviting such an investigation. These Mr. Redfield declared, were based, however, more on the belief that the inquiry would be the basis for tariff rates than an examination as to the efforts of the bill after it had become law.

DEMAND THE RECOGNITION

Cincinnati, O., May 13.—The new union of Cincinnati street car employees refused to arbitrate with the Cincinnati traction company under the conditions offered by the latter, and decided to continue the strike.

Recognition of the union before arbitration is insisted upon by the union men.

The traction company, which has not been able to operate any of its cars since Saturday afternoon, had offered to arbitrate with "the men" providing the employees resumed work pending the result of the arbitration.

The decision to refuse to arbitrate was reached after Mayor Hunt as well as several labor leaders had addressed the meeting of the union men. The mayor urged arbitration but his appeal was apparently in vain.

JAPANESE SITUATION

**Ambassador Chinda
Will Take No Further
Steps in Protest
Against Anti-Alien
Land Law Until John-
son Acts**

Washington, May 13.—The Japanese ambassador will take no further steps in the protest against the California anti-alien land law until Governor Johnson acts on the bill before him. Should he sign it, it was learned today, Japan, without making further representations to the senate department, will wait a reasonable time to learn what the federal administration intends to do to meet its complaint.

Japan will not move to test the constitutionality of the law, holding it incumbent upon the United States to take up that question.

Although it is understood here that Governor Johnson has thirty days to act, officials believe his answer to Secretary Bryan's last communication will be received within a week.

The Japanese situation was discussed today at the cabinet meeting, but no conclusion was reached.

NEGRO PUG A WITNESS

Chicago, May 13.—Presentation of evidence in defense of Jack Johnson, charged with violation of the Mann act, began in Federal Judge Carpenter's court today. Charles Lupkin, chauffeur for the negro prize fighter in 1910, testified as to a trip which Johnson and Belle Schreiber took to Milwaukee in 1910 during which Johnson was ill. They lived at separate hotels, said Lupkin.

In the afternoon session Johnson took the stand and testified that he had spent "between \$2,000 and \$10,000" on Belle Schreiber.

He declared positively that he had not sent Belle Schreiber a telegram telling her to come to Chicago and wait for him here. Whether his agents sent her such a telegram without his knowledge he could not say. He said that she had called him up on the telephone and had asked him to send her \$75, but had no intention that she should come to Chicago. His purpose here later was to make arrangements about some boxing matches. Miss Schreiber, he declared, had subsequently called him up and had asked him to fix up a flat for herself, her sister and mother to live in. She wanted to work again as a stenographer.

"I spent about \$1,000 for her to fix up her flat," said Johnson, "and then gave her \$500 to keep her going till she could get a job as a stenographer. He denied he had ever given her any diamonds."

"How much in all do you think you spent on her?"

"Somewhere between \$9,000 and \$10,000," answered Johnson.
